Education and training

Dates 1966-1971 Title of qualification awarded Chemical engineer

Principal subjects/occupational skills covered Organic compounds technology

Name and type of organisation providing education and training University Politehnica, Bucharest, RO Level in national or international classification Level A, in Romanian university ranking

Dates 1985

PhD in Chemical Engineering Politehnica University Bucharest, RO

Professional experience

Dates 1971-1978

Occupation or position held Process Analysis Engineer

Main activities and responsibilities Design projects for computer process control

systems (involved in process analysis, modelling and

simulation studies)

Name and address of employer Research Institute for Management and Informatics,

Bucharest

Type of business or sector Research and design 1978- present

Dates

Assistant professor (1978-1982); Lecturer Occupation or position held

> (1982-1991); Associate professor (1991-1996); Professor head of department (1996- present)

Main activities and responsibilities Teaching and research

Name and address of employer University Politehnica, Bucharest, RO Type of business or sector Higher education in chemical engineering

Academic and research interests

Chemical process modeling, simulation and optimization; Kinetics of heterogeneous processes. Author or co-author of 14 books or handbooks for students and 123 published works (72 in scientific journal papers and 51 in conference proceedings).
